

## Citroën 2 CV "Sahara"

Ref: 64880

Another excellent reproduction of a classic car: the Citroën 2 CV "Sahara". This car was featuring two engines (in the front and rear part of the car) to generate enough power to run in 4X4 tracks. This SCX car has the long retracting arm as in all the other Off Road cars, this to emphasize the 4x4 wheel drive.

Xenon-effect  
high-intensity  
headlights

Removable and  
Adjustable  
Magnet

Guide with  
suspension

Four Wheel drive

Off Road retracting arm
